1. About the Event

The 2022 Under 19 & Under 15 Yonex Australian National Championships is normally held annually. This is the first time the event has been held in 2 years and is a selection event for the Australian Junior Development Falcons.

The event will be held in Adelaide South Australia at Adelaide 36ers Stadium and SABA Badminton Stadium.

Badminton Australia is committed to the safety of all participants including the risks associated with COVID-19.

2. Government Guidelines

Badminton Australia will follow the South Australian Government Requirements relating to COVID-19

- <https://www.covid-19.sa.gov.au>

3. Adelaide 36ers Stadium and SABA Badminton Stadium

Where a conflict exists between this plan and any Covid Safe venue plans in place for the Adelaide 36ers Stadium and SABA Badminton Stadium the venue plan will be applied.

4. General Information

Attendees and participants at the camps must adhere to the following:

	Check-in where required using the South Australia government App
	Download the South Australia Government app here https://www.covid-19.sa.gov.au/restrictions-and-responsibilities/covid-safe-check-in

1. Risk Assessment as per the Badminton Australia Risk Framework

The following risks are related to the running of the event. Badminton Australia acknowledges that the contracting of COVID could be considered a major or catastrophic event for the person involved. For the purposes of this document the likelihood and impact is related to the running of the event

Likelihood

Title	Score	Description
Rare	1	Highly unlikely to occur; however, still needs to be monitored as certain circumstances could result in this risk becoming more likely to occur during the project
Unlikely	2	Unlikely to occur, based on current information, as the circumstances likely to trigger the risk are also unlikely to occur
Moderate	3	Likely to occur as it is clear that the risk will probably eventuate
Likely	4	Very likely to occur, based on the circumstances of the project
Almost certain	5	Highly likely to occur as the circumstances which will cause this risk to eventuate are also very likely to be created

Impact

Title	Score	Description
Insignificant	1	Insignificant impact. It is not possible to measure the impact on the project as it is minimal
Minor	2	Minor impact on the project, e.g. <5% deviation in scope, scheduled end-date or budget
Moderate	3	Measurable impact on the project, e.g. 10-25% deviation in scope, scheduled end-date or budget
Major	4	Significant impact on the project, e.g. 25-50% deviation in scope, scheduled end-date or budget
Catastrophic	5	Major impact on the project, e.g. >50% deviation in scope, scheduled end-date or budget

Summary Priority Profile

Impact	5	5	10	15	20	25
	4	4	8	12	16	20
	3	3	6	9	12	15
	2	2	4	6	8	10
	1	1	2	3	4	5
	0	1	2	3	4	5
	Likelihood					

Priority

Impact x Likelihood = Priority

Priority Score	Priority Rating	Action Required
0-1	Very low	Recognise that risk exists but continue with activity
2-3	Low	Consequences are insignificant. Manage by regular monitoring
4-9	Medium	Consequences may be unacceptable and need management action to share and/or reduce likelihood/impact
10-16	High	Consequences are unacceptable and need immediate management action to share and/or reduce likelihood/impact
17-25	Very High	Consequences are too great. Continue only if there is a statutory duty or with approval of Executive team.

Risks

Risk	Likelihood	Impact	Profile	Actions	Responsibility
Participant tests positive by participating at the event	3	3	9	Enact measures listed at 4 and 5 above	As per section 5
