Message From The President

Andrew Greenway

It is my pleasure again to present the Badminton Australia Annual Report to members and stakeholders.

After 2 years of Covid restrictions and interruptions it's great to see our sport return to some level of normality. Following a 12 month delay, it was great to see Australian players competing at the Tokyo Olympics. After such a long break from international competition our players performed better than expected. For the first time ever, para-badminton was included in the Paralympics. A fantastic first time experience for our two para-badminton athletes, who are both continuing to compete internationally in the world tour events.

The more recent 2022 Commonwealth Games showcased the talent and potential of our Falcon players. With both those major games now completed, we now look to the future Olympic years of 2028 and 2032. Ensuring our younger cohort of emerging and developing players get the training and competition they need to succeed will be a key high performance focus for us over the next few years.

It has been pleasing to see the return of our National Carnivals this year. These events have been significantly restructured during the covid break, so it was great to see those events take place again, using the new format. The new format was predominantly successful, but as always,

there is always room for improvement. Badminton Australia will take on board all the feedback we have received from these events, and make the changes necessary to continue those events.

I commend this report to you as it showcases the significant work our sport is undertaking across the country. All of our programs: high performance, participation, and education continue to develop and gained further traction in the post Covid times.

Again I'd particularly like to thank our CEO Jamie Parsons and all of our staff for their hard work and dedication to our organisation over the past twelve months. I'd also like to thank each of the Board members for their ongoing time, commitment and expertise. They are a passionate group that continue to ensure strong robust discussions lead to positive outcomes for our sport.

Badminton Australia continues to receive strong support from Sport Australia, Australian Olympic Committee and Commonwealth Games Australia. Over the past 12 months the relationships we have with these organisations has continued to strengthen. These relationships remain extremely important as we continue to grow our sport and collectively deal with the challenges that sports face generally across the country.

Finally, I'd like to offer a big thanks to our member states, partner organisations and sponsors. It is extremely important to me that we continue to work together so that the sport we love continues on the upward growth trajectory.

Let's Play!

"Ensuring our younger cohort of emerging and developing players get the training and competition they need to succeed will be a key high performance focus for us over the next few years"

Message from the Chair of the Australian Sports Commission **SPORTAUS**

Josephine Sukkar AM

Sport has a place for everyone and delivers results that make Australia proud.

This is the Australian Sports Commission's (ASC) vision as we embark on a defining era in Australian sport over the next decade and beyond.

We are setting out to lead, support and provide opportunities for all communities to be involved in sport, while growing elite success and representation, inspiring future generations.

Our role, as the Australian Government agency responsible for supporting and investing in sport at all levels, is to increase involvement in sport and enable continued international sporting success.

We do this through leadership and development of a cohesive and effective sports sector, targeted financial support and the operation of the Australian Institute of Sport (AIS).

We play a unique role in the sport ecosystem and tackle the big challenges and opportunities with and for the sector. We're proud to do so and through our vision, we aim to bring out the best in everyone involved in sport as we establish Australia as the world's best sporting nation.

The 2022 Birmingham Commonwealth Games provided a perfect launch pad for our athletes to shine.

To finish on top of the medal table with 67 gold and cement our status as the most successful nation in the event's history sets us up brilliantly as we look to host the next Games in Victoria 2026.

These Games, uniquely hosted in regional areas, will be another opportunity to inspire Australians to get involved in sport, and to champion the role sport can play in engaging every Australian.

This is a defining era for Australian sport. We have begun the Green and Gold decade to Brisbane 2032, and we are focused on building sustainable success for decades to come.

The sporting strategies, programs and facilities we deliver now have the capacity to shape Australia's long-term prosperity, well beyond sporting boundaries. A thriving Australian sport system is enormously influential to a thriving Australia.

We will advocate for sport and its positive influence on Australia, promote and support inclusive and diverse sporting environments and drive thought leadership and innovation to inspire world's best practices.

We will build the capability of sport and the people involved through projects like our Sport Volunteer Coalition Action Plan which outlines a new approach to foster positive, safe and fulfilling experiences for sport volunteers, and our Women Leaders in Sport programs which champion equal representation in sport.

It has been great to see the AIS site buzzing with activity again after a challenging few years due to COVID-19. We continue to welcome sports and athletes back to the campus, who are all keen to use our facilities to prepare for major sporting events.

Our aim is for sport in Australia to be world's best so we will optimise our facilities to advance sport and use them to showcase sport at its best.

This is an incredible opportunity to unite and inspire Australia through sport as we capitalise on the calendar of major sporting events on the road to a home Olympic and Paralympic Games.

On behalf of the ASC, thank you to everyone who contributes to Australian sport with the aim of making it better for all.

Josephine Sukkar AM

"This is a defining era for Australian Sport"

Message from Sport Integrity Australia

**SPORT INTEGRITY
AUSTRALIA**

SIA Partnership and NIF Adoption

Badminton Australia is excited to announce that on 31 March 2022 it entered a formal partnership with Sport Integrity Australia. The Australian Government established Sport Integrity Australia in 2020 drawing together the country's existing sport integrity capabilities, knowledge, and expertise, to protect against integrity threats to sport.

Sport Integrity Australia focuses on policy development, intelligence, impartial investigations, education, outreach, and capability building in relation to integrity issues in sport.

Specifically, the agency works to counter the:

- use of prohibited substances and methods in sport;
- abuse of children and other persons in a sporting environment;
- manipulation of sporting competitions; and
- bullying, intimidation, discrimination, and harassment in sport.

Badminton Australia takes sports integrity seriously and is working diligently, with the assistance of a Sport Integrity Australia dedicated Integrity Support Officer, to implement the National Integrity Framework (NIF) into our organisation. The NIF is a set of rules and procedures that keep sport safe and fair. They include:

- The National Integrity Framework Policy.
- The Child Safeguarding Policy.
- The Competition Manipulation and Sports Wagering Policy.
- The Member Protection Policy.
- The Improper Use of Drugs and Medicine Policy; and
- The Complaints, Disputes and Discipline Policy.

Successful implementation of the NIF includes establishing a reporting system that manages NIF-related and non-NIF related integrity complaints, providing integrity related education, training, and other resources at all levels of Badminton Australia, and committing to regular communication to keep everyone informed of relevant integrity matters occurring in sport.

While these changes are implemented, remember that everyone: athletes, parents, support personnel, administrators, and supporters play a role in protecting the integrity of our sport.

If you see something, say something!

"If you see something, say something!"

Message From the CEO

Jamie Parsons

Badminton continued to grow across Australia in 2021/2022 despite the ongoing impacts of Covid-19. The sport across Australia continued to deliver against the objectives in the strategic plan and this is testament to the outstanding work of so many people across the country.

We were lucky enough to have the Olympic and Paralympic Games go ahead at the start of the 2021/2022. In Tokyo 2020 the Australian athlete's performances were outstanding against very very strong opposition. We also saw badminton at the Paralympic Games for the first time and Australia's first two ever Paralympians, Grant Manzoney and Caitlin Dransfield, who also did a wonderful job.

We also could not be more proud of the Australian Court officials at both Games. Australia had the most Court Officials selected of any country and we congratulate them all!

Participation also continued to grow. The Australian Government Ausplay data showed that at the end of 2021 347,300 people played badminton across Australia – an increase from 198,000 in December 2019.

We thank the people at our key organisational partners including the Australian Sports Commission, Australian Olympic Committee, Commonwealth Games Australia, Paralympics Australia, Li Ning, Yonex, BWF and Badminton Oceania.

We were delighted to be recognised by the Badminton World Federation for our work promoting badminton by receiving the inaugural award for badminton promotion for the work done on our new national badminton and Falcons brands.

During 2022 we re-commenced the Australian national Championships commencing with the Australian badminton open in April.

The event had a large number of participants and 92% satisfaction rating by participants.

The financial result of the organisation was strong, achieving a modest surplus from operations that the Board can reinvest into badminton development across Australia.

The sport achieved funding of \$450,000 for the Shuttle Smash program to increase the numbers of 5-12 year olds participating in badminton. The pilot programs alone have seen over 600 participants and we are looking forward to the program formally commencing in Term 1 in 2023.

Thank you to the BA Board for their tireless and outstanding work. It is a real pleasure to work with each of you. Thank you to all of the States and Territories – the work done by the state organisations continues to be outstanding. As always thank you to all badminton clubs, associations, volunteers, officials, coaches, selectors, working groups and committees. Finally thank you to each of the BA staff – for their wonderful work supporting the community to grow badminton.

Let's Play!

FINANCE REPORT

Julie McDonald & Anita Barbuto

Badminton Australia (BA) financial result for 2021/22 achieved a surplus of \$69,579, largely due to:

- continued operational budget control
- rent relief due to Covid-19
- increase in sales of equipment for the sporting schools program

The surplus supports continued strengthening of BA's cash equity position in providing financial safeguard and improved solvency, which assists the organisation achieve their financial compliance ratios with Sports Australia.

In addition to this BA continues to be well placed to mitigate future operating losses, financially support the Australian Open in November 2022, and also to enable future growth initiatives in the sport of badminton across the nation.

During the 2021/22 financial year BA was successful in obtaining new funding as follows:

- Shuttle Smash program (5-12 year olds) from the Australian Sports Commission for \$450,000
- NSO Infrastructure grant for \$206,000 to purchase new badminton court mats, shuttle machines and software for performance development
- Para Olympics funding for \$15,000 to support training camps.

Whilst the pandemic continued to impact player travel and training for the first half of the year, BA were able to fully utilise funding in the second half of the year with attendances at the Uber Cup finals, Commonwealth Games training in the Netherlands, and running domestic training camps for the Falcons squads.

Remaining unutilised funding received in financial year 2021/22 has been approved for use in 2022/23 to continue to support BA's initiatives.

Looking ahead to 2023, BA will continue to invest in its strategies that underpin our High Performance funding from the Australian Sports Commission, with a budget of \$600,000 received for the financial year.

Major events will be back on the calendar with the Australian Badminton Open to be hosted by BA in November 2022, after a 2 year hiatus, and the Bendigo International, being a new event for BA.

All 2022/23 operations, funding and event management are supported by budgets set and approved by the Board of Directors. It is planned to have a break even result for operations and funding management, but an expected budget loss of up to \$50,000 for the Australian Badminton Open. Whilst there is tight management of budget for this event the eventual financial position will dependent on spectator ticket sales. Please refer to Finance Audited Reports at the conclusion of the Badminton Australia Annual Report.

Badminton

High Performance – The Falcons

Olympic Games

The Olympic Games was a highlight over this past year with our Olympic Falcons' campaign with our players competing against the best in the world. We also had some very impressive results and performances.

The Australian Olympic Committee confirmed the selection of four Australian Badminton Falcons to represent Australia at the Tokyo 2020 Olympics. Badminton Australia is delighted to announce that Gronya Somerville (Play Badminton, VIC), Hsuan-Yu (Wendy) Chen (Brisbane Badminton Association, QLD), Setyana Mapasa (Tuomu, NSW) and Simon Leung (Brisbane Badminton Association, QLD) will all head to Tokyo!

Uber Cup

Another significant event over this past year was the Uber Cup. Badminton Australia announced the Falcons players selected to represent Australia Uber Cup finals (BWF World Women's Team Championships) to be held in Bangkok Thailand from 8-15 May 2022.

Players were chosen by the Australian selectors as per the Badminton Australia Selection Policy.

Players selected were:

- Angela Yu (QLD)
- Gronya Somerville (VIC)
- Hsuan Yu (Wendy) Chen (QLD)
- Joyce Choong (VIC)
- Kaitlyn Ea (VIC)
- Louisa Ma (VIC)
- Sydney Go (VIC) – Junior Development Falcon
- Sylvinna Kurniawan (NSW)
- Tiffany Ho (NSW)

Commonwealth Games

In late July of 2022 we also had a team of 10 athletes travel over to the 2022 Birmingham Commonwealth games, with two extra athletes being offered the opportunity to train and travel with the Commonwealth games squad.

The Team that competed at the 2022 Commonwealth Games included:

- Gronya Somerville
- Wendy Hsuan-Yu Chen
- Angela Yu
- Kaitlyn Ea
- Tiffany Ho
- Nathan Tang
- Jacob Schueler
- Jack Yu
- Ying Xiang Lin
- Tran Hoang Pham

The two training camp invitee athletes were Gavin Ong & Sydney Go

We would also like to say a big thank you to Stuart Brehaut and Jeff Tho for all of their hard work, commitment and dedication to the Falcons program throughout the last 12 months, our results wouldn't have been possible without you.

Message from the Performance Pathway Manager

Ashley Naumann

Key Facts & Achievements – Performance Pathway

Over the past year, Badminton Australia has continued to deliver and implement the new high performance strategy, system and pathway for the sport. We have successfully completed a Commonwealth Games campaign which included a full time squad established in Melbourne in leadup to the competition. Along with National senior coaches, Badminton Australia also engaged an expert international coach for a three-month period to assist with preparation leading into the Games. We also had a preparation camp in the Netherlands prior to the Games.

The National Junior Falcons team won the Trans Tasman Test against New Zealand 4-1 3-2 and was a great preparation event leading into the World Junior Championships in Spain. A series of National Pathway Camps were also delivered at the AIS around the difficult covid restrictions and protocols.

At the base of the performance pathway, aligned with the state associations, Badminton Australia delivered a series of state camps around the country to assist with the support, development and education of pre and early categorised junior athletes, coaches and parents.

The Performance Pathway Partners (PPP) concept continued to evolve throughout the year including two new additional programs added to the team. They all received opportunities for infrastructure grant support and professional development experiences.

Aligned with the AIS funding framework, an extensive and thorough AIS Pulse Project was successfully completed on the high performance system/pathway and we received overwhelming positive feedback through the process and the direction we are heading in performance. In fact, the AIS even requested our structure to be utilised as an example to other smaller NSOs.

We continued to monitor and refine the What It Takes To Win (WITTW) model to ensure world class standards and benchmarks are adhered to. Badminton Australia has also reviewed the AIS categorisation policy during this time which aligns with the national selection criteria and policy.

Badminton Australia continued to secure further funding (along with the successful technological and infrastructure grant applications) for a full time coach role through the AIS Next Generation Program.

Through connection and collaboration with the state institute network, we have provided approximately sixteen scholarships to categorised Victorian and South Australian athletes to provide support with strength & conditioning, sports science/medicine and health & wellbeing.

We are very proud of our achievements over this past year of being able to continue to drive our new high performance system and pathway forward to the world stage with a number of exciting performances, developments and initiatives.

Let's Play!

High Performance – Junior Falcons

Renuga Veeran

National Development Camps

Badminton Australia successfully delivered national pathway camps over the past year to support, educate and develop categorised athletes and coaches within the performance pathway.

The camps are a great opportunity to bring together the very best athletes and coaches for both on and off court training. The athletes and coaches are provided with world class facilities, environment and resources through the AIS.

The camps are a key component of the support provided to the National Development Falcons to align, compliment and support their DTE (Daily Training Environment).

Thank you to all of our athletes and coaches for their support over the past year particularly while dealing with difficult circumstances.

State National Camps

In consultation and collaboration with state associations and territories, Badminton Australia has also successfully delivered a

series of state based camps around the country over the past year. With the aim to identify young talent and educate and develop pre categorised athletes, coaches and parents.

The camps are delivered over two days and include a range of on and off court training opportunities and experiences. It is also a great opportunity to educate young athletes, coaches and parents on the high performance pathway and key areas of development for the future.

Thank you to the states and territories for their ongoing support of these development initiatives.

Individual Performance Plans (IPP)

The IPP (Individual Performance Plan) continues to guide and assist categorized athletes and coaches with their overall development.

The online tracking and monitoring tool provides direction and opportunity for the development of categorised athletes and coaches.

This is a very collaborative and cohesive approach between the National Pathway and DTE (Daily Training Environment) coaches.

The plan includes weekly training and competition schedules, technical, tactical, physical and mental development priorities for the athlete.

It is a very exciting year ahead with more competitions both nationally and internationally offering up key opportunities for our developing and emerging athletes to gain vital competitive experience.

Para Badminton & Para Participation

Grant Manzoney

After an extremely challenging period of time for everyone, Para Badminton arrived with a bang featuring at the 2021 Tokyo Paralympic Games for the first time. Two Australian athletes, Caitlin Dransfield and Grant Manzoney (both from Western Australia) had the distinct honour of being the very first Australian Para Badminton athletes to compete at a Paralympic Games.

Badminton was a highlight of the games with players from all parts of the world showcasing what a fast, thrilling and exiting sport badminton is. As a sign of the success of Para Badminton at the games, further medal events were included for the Paris Paralympic Games in 2024.

This year saw Para players selected to a national team, the Para Falcons. Six players, Angelina Melki (SA), Caitlin Dransfield (WA), Celine Vinot (VIC), Grant Manzoney (WA), Luke Missen (VIC) and Zashka Gunson (SA) were selected on the inaugural squad with further athletes to be selected based on performances at the Oceania and National events. These athletes will be guided by Badminton Australia with support from Sport Australia, Paralympics Australia and Badminton Oceania.

Participation has grown in most states around Australia which resulted in a record number of entrants into the Victor Oceania Para Badminton Championships

hosted at Melbourne Sports and Aquatic Centre. A total of 51 entries were received, 36 of those being Australian players with players from New Zealand, Fiji and Papua New Guinea also entering.

In the leadup to the Oceania event a training camp for some of the newer and developing players was held at the Paralympics Australia training venue in Tullamarine.

In a first, a coaching course was included for coaches wanting to further their skills in coaching athletes with a disability. The camp was run by Ian Bridge who also delivered the coaching course. This was a fantastic success as it gave the coaches practical experience whilst working with the athletes at the camp.

Having access to the Paralympics Australia facility is such a huge benefit as it allows all of the participants to stay under the same roof which gave the coaches valuable insight on some of the issues faced by disabled athletes. We thank Paralympics Australia for their ongoing support in providing this marvellous facility.

After almost two years without international competition, Para Badminton athletes were able to return to the international scene with players entering tournaments in Bahrain, Dubai, Thailand and Indonesia. In Dubai we had

9 Australian athletes which is the greatest number of players Australia has sent to a Para International.

We also had a record number of Australian players qualify for this year's Para Badminton World Championships in Tokyo with a total of 18 players qualifying. 10 of these players have accepted their qualification and we wish them luck as they embark on their journey to Japan in the coming months. With so many players starting to enter international tournaments it was only a matter of time before we tasted success on the world stage.

Congratulations to Amonrat Jamporn (bronze), Celine Vinot (silver), Caitlin Dransfield (bronze) and Grant Manzoney (bronze) for finishing on the podium at various international events.

The key now is to build on our hard work and look to grow player numbers across Australia. We will be looking to work with all states to not only sustain but grow participation in Para Badminton. We look forward to the next year where we aim to get more people playing Para Badminton whether for fun and relaxation or perhaps to compete at a higher level and go on to be our next Paralympians.

Technical Officials

Sandra David - BATOC Chair

The 2021-2022 year has brought much excitement and significant increase in events, all over the country and the world with the gradual opening of borders and travel since early 2022.

On a National basis, Australian Tournaments have gradually re-commenced with a series of National Championships being held across Victoria and South Australia. This has meant a re-start and growing demand for officials on all fronts. This has been exciting as it has meant that the extra experience that officials would love to gain, can now slowly come to fruition. With International travel now back on the agenda and most BWF tournaments have gone ahead in the tail end of the financial year, this represents a positive time for professional development of our officials.

BATOC have continued our representation on the BWF Circuit:

- Chair of BWF Referee assessor/appraiser - Jane Wheatley
- BWF Umpire Assessor/Appraisers - Greg Vellicott, David Turner & Kelly Hoare
- BWF Technical Officials Commission member - Peter Cocker.

In the year 2021-2022 BATOC had 5 BWF Line judges, Shevaun Moody, Karen Arnold, Ravi Nandan, Pauline Everard, and Ian Fernandez.

"Victoria hosting the Commonwealth Games in 2026 will offer a great opportunity for officials"

Looking back at the year we had 5 of our 2020 BWF Line Judges head to Tokyo, with Shevaun Moody and Richard Wong (Retired 2020) being appointed to the Olympics Games in July, and Karen Arnold and Ravi Nandan being part of the Team for the Paralympics in August of 2021.

Thankfully 2022 has seen the return of assessments at an Oceania and National Certificated level. We have had one new umpires achieve their National certification.

The announcement of Victoria hosting the 2026 Commonwealth Games will also offer a fantastic opportunity for Australian officials to be involved in another great event in the lead up to the 2032 Olympics in Brisbane.

We look forward to building on our team of officials. This next year is looking like we will be in high demand with many events and hopefully lots of travel for international experience and training and advancement of our officials.

A big thank you to the BATOC Committee and Badminton Australia staff for your continuing support for the advancement of Officials throughout Australia. It has been another challenging year, but with a much more optimistic outlook than where we were 12 months ago. We look forward to the excitement that 2023 brings!

Let's Play!

Photo Credit: Badminton Australia

Participation

Clare Walker & Claire Firth

Coming off the back of a disrupted year, the 2021/22 financial year for participation has been building strongly. The latest Ausplay data shows an increase in adult and child participation of 306,700 (Jul 20 – Jun 21) to 347,300 (Jan 21 – Dec 21). If you factor in the past two years, Badminton has seen a participation growth rate of over 80%! This number does not include school participants which we estimate to be around 700,000. Out of 100 sporting activities, Badminton now ranks as the 18th most popular sporting activity in Australia for people aged 15 years of over, ranking higher when school participation is included. These numbers reflect the passion and hours of time (often by volunteers), that members of our community contribute to grow our sport. Well done and thank you!

Shuttle Smash: National Participation Program

During the 2021/22 year, Badminton Australia secured a \$450,000 from Sport Australia to develop a national badminton participation program. The program is designed for 5–12 year old children with a focus on developing movement skills, physical literacy and giving children the ability to lead an active life.

Every child that registers will have access to equipment to take part. The program can be run in 12 week, 6 week or 2 week intensive blocks with flexible lesson plans built to maximise fun, a love of movement and to be as inclusive as possible. Each program will be run by a Leader. A leader is anyone who would like to coordinate sessions for young children, they could be a parent, a badminton fanatic or someone who loves working with kids. We want this program to run anywhere and everywhere across Australia so if your club has limited access to indoor facilities, don't worry, the program will cater for play outdoors, indoors, at the park, at the beach, anywhere you can think of!

With the support of industry partners including Disability Sports Australia, Deaf Sports Australia, National Indigenous Sport Foundation, NAHRI Institute, Women Sport Australia and Sport Inclusion Australia, the pilot phase of the program commenced in 2022, with some states assigned a Shuttle Smash Coordinator to support participating clubs. Draft lesson plans, online leader training course and some basic marketing tools were provided for clubs to promote and facilitate the program.

Participation

Clare Walker & Claire Firth

We have had programs run in every state and territory participating in the pilot phase, over 600 participants, 26 Leaders/Administrators and 20 volunteers. A focus of the program has been supporting target populations such as rural/remote communities, women and girls, people with disability, CALD and recent migrants. Moving into the 2022/23 year we look to finalise all club and venue resources, web portal, online shop, National Club Launches (in person and virtually) and National Participant Launch.

Ultimately the Shuttle Smash program is for anyone, anytime, anywhere as an entry point for 5–12-year olds to experience badminton and build the fundamental movement skills required to progress into more formal junior coaching programs/competition. We look forward to seeing more and more programs roll out in 2023.

Sporting Schools: Shuttle Time

Badminton participation continued to grow steadily throughout the later stages of the pandemic, with a particularly sharp increase in program bookings once lockdowns and restrictions eased to the point where external coaching providers could properly resume program delivery on school premises. The Shuttle Time schools program saw an impressive 39% increase in participation in the 2021/22 year, with 35,378 students getting involved in the badminton program. The proportion of teacher-delivered participation remained steady at 48% of total participation, with a total of 16,839 students taking part in badminton through a teacher-delivered program.

Coach Education

After completing the pilot phase in 2020/21, the BA Foundation Coach course has now been finalised and is established as the entry-level coach qualification for badminton coaches in Australia. Four face-to-face courses were run in the first half of 2022, adding over 30 new Foundation coaches to the Australian badminton coaching pool.

After multiple postponements throughout 2020/21, Badminton Oceania was finally able to run the long-awaited BWF courses, including multiple BWF Level 1 Coach courses, the BWF Level 2 Coach course, the BWF Level 1 Tutor course, and the BWF Level 1 Disability Coach Workshop.

Three BWF Level 1 Coach courses were run in the 2021/22 year, with many coaches taking advantage of the opportunity to upskill after limitations on in-person training throughout the previous year. The Disability Coach Workshop was well-attended and provided attendees with the knowledge and skills to help everyone, regardless of background or ability, to participate, enjoy, and succeed in the sport of badminton.

The BWF Level 2 Coach course provided a valuable opportunity for BA coaches to improve their skills, and competition for the available places was fierce. Those selected for the course made the most out of this learning opportunity, and their insights and experience will increase the overall calibre of coaching in Australia going forward.

In addition to building on their technical knowledge, graduates of the BWF Level 1 Tutor course will also be able to use their new instructor skills to increase the capacity of BA to run future BWF Level 1 coach courses in Australia. This will pave the way for even more eager coaches to have the opportunity to increase their knowledge, gain a higher coaching qualification, and provide amazing coaching to the badminton championship players of the future.

Teacher Education

The increase in teacher-delivered programs continued from the 2020/21 year, with 160 teacher-delivered programs run in the 2021/22 year. In addition, 7 face-to-face Shuttle Time courses were run in the 2021/22 year, providing teachers with advanced skills to assist even more students to have access to the sport of badminton. Student participation in teacher-delivered programs increased by over 50% to 16,839, representing almost half of the total Sporting School program offerings for 2021/22.

Let's Play!

Let's Play!

Digital

Zoe Lorenzin

The digital presence of Badminton Australia has continued to grow throughout 2021/22, despite the ongoing disruption to regular badminton events and participation throughout Australia. The success of the 2020 Tokyo Olympic Games played a large part in this, as did the ongoing development and promotion of digital resources for clubs across Australia, ensuring that all levels of badminton, from development through to high performance, were engaged with online.

Across social media, an impressive growth in digital media engagement included:

- Over 490,000 people reached on Facebook, an increase of 147.9%
- Over 37,100 page and profile visits on Facebook, an increase of 160.3%
- A 51.9% increase in Facebook followers
- Over 29,000 people reached on Instagram
- Over 19,000 page and profile visits on Instagram, an increase of 62.6%
- Regular newsletters sent to over 17,000 subscribers, with an average 37% open rate

This was further reinforced with the awarding of the International Badminton Federation (BWF) Excellence Award for Promotion, recognising the world class work done by the State and Territory Badminton Organisations, the wider badminton community, and Badminton Australia on implementing the new brand for badminton (new state & national logos), Falcons brand and “Let’s Play.”

Meanwhile, the resumption of national events in 2022 has seen Badminton Australia launch into livestreaming, bringing the events online and making them readily available for interested viewing on the Badminton Australia Facebook page. Heralding a new era for badminton’s digital presence and engagement, it’s fantastic to see badminton grow its digital community on all fronts, both locally and overseas.

BADMINTON AUSTRALIA LTD
A.B.N. 48 329 756 219
DIRECTORS' REPORT

The directors present their report on the company for the financial year ended 30 June 2022.

Information on Directors

The names of each person who has been a director during the year and to the date of this report, unless specified are:

Geraldine Brown
Andrew Greenway
Loke Poh Wong – ceased 6th April 2022
Paul Kern – ceased 30th August 2021
Julie McDonald
Sofia Varelas
Rayoni Nelson – commenced 30th August 2021

Jamie Parsons, the CEO of Badminton Australia is the Company Secretary.

The qualifications, experience and responsibilities of each director are as follows:

Ms Geraldine Brown	Director
Skills and expertise	Geraldine has been on the Board since 1997 and was elected as President in October 2008 and served as President until December 2018. She has been an Australian representative player, an administrator of the sport in Tasmania and Nationally, a coach (Level 3) and a Team Manager of various Australian Teams including the Olympics and Commonwealth Games. Geraldine currently holds the positions of Board Member for Oceania Badminton Confederation and Vice President for BWF.

Andrew Greenway	Director/President
Skills and expertise	Andrew is from Brisbane and a HR Director with the Queensland Government. Andrew brings to the Board significant experience at management levels in the HR and payroll finance area as well as significant background experience in badminton at all levels. Andrew is a Level 2 coach and has coached and managed State senior and junior teams. Andrew has previously been a national selector and tournament director for international badminton events and is a national level referee. Andrew previously represented Queensland as a player.

BADMINTON AUSTRALIA LTD
A.B.N. 48 329 756 219
DIRECTORS' REPORT

Paul Kern	Director
Skills and expertise	<p>Paul was elected to the Board at the November 2016 AGM. He is from Melbourne and runs a successful IT Computer Consultancy and Systems Integration business.</p> <p>Paul has been actively playing badminton since the age of 17, representing WA as an Under 21 and Senior for many years. Paul served on the committee of the Mountain Districts Badminton Association in Kilsyth for many years before taking a Board Member role at Badminton Victoria (BV) in 2010. In 2015 he became the President of BV. Paul has held the role of Chairman of Senior State Selectors for BV.</p>

Julie McDonald	Director
Skills and expertise	<p>Julie was appointed as a member of the Board in February 2019. She currently works as a Finance Director. Julie has been involved in badminton for 50 years, including representing Australia for over 10 years. Julie's achievements have been multiple national singles, doubles and mixed champion, dual bronze medallist in Commonwealth Games in 1982 & 1986, and Silver Bowl singles and doubles champion. She is also involved in coaching locally and state level, mentoring, and been on various committees with Badminton Geelong and Badminton Victoria.</p> <p>Julie has a strong interest in junior development and is currently the chair of the Audit and Risk Committee.</p>

Loke Poh Wong	Director
Skills and expertise	<p>Loke Poh is from Victoria and has been involved in badminton for more than 40 years as a player and administrator. He was on the Board of BV from 2002 holding to the post of Treasurer for four years and was elected President of BV in 2006. Loke Poh has a long association with the Monash University Badminton Club. He chairs the University Blues Committee and is involved with Australian University Sports. He is also the Board member of the Oceania Badminton Confederation and committee member of the Badminton World Federation (BWF) events working group. He is an active senior badminton player and medallist at events such as the World Masters and BWF World Senior Championships. He manages his own environmental consulting business.</p>

BADMINTON AUSTRALIA LTD
A.B.N. 48 329 756 219
DIRECTORS' REPORT

Sophia Varelas	Director
Skills and expertise	Sophia is a Partner of PwC. She is a practicing legal practitioner in taxation and dispute resolution. She has over 20 years of legal and commercial experience. Sophia currently sits on the Football Federation Victoria (FFV) Disciplinary Tribunal and Appeals Board and has a strong passion for all things sport. Sophia brings legal expertise along with governance and broad commercial experience, having worked with private, public, government, charities and not for profit organisations.

Rayoni Nelson	Director
Skills and expertise	Rayoni was appointed to the board in September 2021. Rayoni has over 20 years' experience working across government, sport, health and transport sectors. Her career has included management roles, including in sport, road safety and communications. She is currently the CEO of School Sport Victoria, part of the Department of Education and Training, and a board member of School Sport Australia and Vicsport. Rayoni represented Australia in badminton at the 2000 Olympic Games and 1998 Commonwealth Games as well as representing South Australia at many national championships. Rayoni is currently the chair of the Governance Committee.

Meeting of Directors

The number of meetings of the board of directors held during the year ended 30 June 2022, and the numbers of meeting attended by each director were:

Board Member	Meeting Attended	Meetings Eligible to Attend
Geraldine Brown	7	8
Andrew Greenway	8	8
Paul Kern	0	1
Loke Poh Wong	7	7
Julie McDonald	8	8
Sophia Varelas	6	8
Rayoni Nelson	6	6

Operating Results

The profit/(loss) of the company for the financial year amounted to \$69,579.

BADMINTON AUSTRALIA LTD
A.B.N. 48 329 756 219
DIRECTORS' REPORT

Significant Changes in the State of Affairs

The Covid-19 pandemic and Federal/State and Territory restrictions greatly eased during the 2021/22 financial year, that enabled planned events, player travel and competitions to resume.

There were no other significant changes in the State of Affairs for the 2021/22 financial year.

Badminton Australia's positive cash equity position at the end of the 2022 financial year is an important step to continue BAs short and long term financial stability.

Principal Activities

The principal activities of the company during the financial year were to provide widespread participation opportunities to increase the popularity of Badminton in Australia, conduct major international Badminton events and operate junior development and high performance programs.

No significant changes in the nature of the company's activities occurred during the financial year.

Events After the Reporting Date

There are no matters or circumstances arisen since the end of the financial year which significantly affect or may affect the operations, or the state of affairs of the company in future financial years.

Environmental Issues

The company's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a state or territory of Australia.

Indemnification and Insurance of Officers and Auditors

During the financial year, the directors and officers of the company were covered and indemnified under the Badminton Australia Insurance Program, against any liability arising in their capacity as directors and officers of the company. The company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the company against any liability incurred by the auditor.

BADMINTON AUSTRALIA LTD

BADMINTON AUSTRALIA LIMITED
ABN 48 329 756 219
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022

The financial report covers Badminton Australia Limited as an individual company, incorporated and domiciled in Australia. Badminton Australia Limited is a not for profit company limited by guarantee.

The functional and presentation currency of Badminton Australia Limited is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

All amounts shown in the financial statements have been rounded to the nearest dollars.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Simplified Disclosures and the Corporations Act 2001.

2 Summary of Significant Accounting Policies

(a) Revenue and other income

Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Company expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

1. Identify the contract with the customer
2. Identify the performance obligations
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognise revenue as and when control of the performance obligations is transferred

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

None of the revenue streams of the Company have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

Rendering of services

Revenue in relation to rendering of services is recognised when the outcome of the services can be measured reliably. If this is the case then the stage of completion of the services is used to determine the appropriate level of revenue to be recognised in the period. If the outcome cannot be reliably measured then revenue is recognised to the extent of expenses recognised that are recoverable.

Interest income

Interest income is recognised when received.

Other income

Other income is recognised on an accruals basis when the Company is entitled to it.

BADMINTON AUSTRALIA LIMITED
ABN 48 329 756 219
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022

2 Summary of Significant Accounting Policies

(b) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(c) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Property

Land & Building are shown at fair value less subsequent depreciation and impairment losses. Independent valuation of the 'fair-value' asset classes is carried out on a 5-year rotating basis. In between these periods additions to property assets are recorded at cost. Upon the next independent valuation, such assets are transferred to their applicable asset classes at their assessed fair value.

Where the assets are revalued, the revaluation increments are credited directly to the asset revaluation reserve except to the extent that an increment reverses a prior-year decrement for that class of asset that has been recognised as an expense in which case the increment is recognised as revenue up to the amount of the expense. Revaluation decrements are recognised as an expense except where prior increments are included in the asset revaluation reserve for that class of asset in which case the decrement is taken to the reserve to the extent of the remaining increments. Within the same class of assets, revaluation increments and decrements within the year are offset.

Plant & equipment

Plant and equipment are measured using the cost model.

Depreciation

The depreciable amount of all fixed assets, including buildings but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is available for use.

The depreciation rates used for each class of depreciable assets are:

Buildings	2.5%
Plant & Equipment	15 - 40%

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

(d) Investment Properties

Investment properties include those properties held for long term rental/revenue yields. Investment properties are carried at fair value, determined periodically by independent licenced valuers on the highest and best use basis. Changes in fair value are recognised in the statement of comprehensive income.

2 Summary of Significant Accounting Policies

(e) Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Company classifies its financial assets into the following categories, those measured at:

- amortised cost

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets.

Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for the following assets:

- financial assets measured at amortised cost

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience and informed credit assessment and including forward looking information.

ABN 48 329 756 219
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022

2 Summary of Significant Accounting Policies

(e) Financial instruments

Financial assets

The Company uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Company uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Company in full, without recourse to the Company to actions such as realising security (if any is held); or
- the financial assets is more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Company in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

Trade receivables and contract assets

Impairment of trade receivables and contract assets have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Company renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Company comprise trade payables, bank and other loans and lease liabilities.

(f) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

2 Summary of Significant Accounting Policies

(g) Employee benefits

Short-term employee provisions

Provision is made for the Entity's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries, sick leave and annual leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The entity's obligations for short-term employee benefits are recognised as a part of current employee entitlements in the statement of financial position.

Other long-term employee provisions

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures, and are discounted at rates determined by reference to market yields at the end of the reporting period on high-quality bonds that have maturity dates that approximate the terms of the obligations. Upon the remeasurement of obligations for other long-term employee benefits, the net change in the obligation is recognised in profit or loss as part of employee provisions expense.

The Entity's obligations for long-term employee benefits are presented as non-current employee provisions in its statement of financial position, except where the Entity does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current employee provisions.

(h) Leases

At inception of a contract, the Company assesses whether a lease exists - i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration.

This involves an assessment of whether:

- The contract involves the use of an identified asset - this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right then there is no identified asset.
- The Company has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.
- The Company has the right to direct the use of the asset i.e. decision making rights in relation to changing how and for what purpose the asset is used.

At the lease commencement, the Company recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Company believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

BADMINTON AUSTRALIA LIMITED
ABN 48 329 756 219
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022

2 Summary of Significant Accounting Policies

(h) Leases

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Company's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Company's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Exceptions to lease accounting

The Company has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The Company recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

(i) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(j) Impairment of Assets

At the end of each reporting period, the entity assesses whether there is any indication that an asset may be impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. in accordance with the revaluation model in AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

(k) Trade and other payables

Trade and other payables represent the liabilities for goods and services received by the entity during the reporting period that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

BADMINTON AUSTRALIA LIMITED
ABN 48 329 756 219
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022

3 Critical Accounting Estimates and Judgements

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

i) Land and buildings

The property was independently valued at 30 June 2021 by Gunn & Co Estate Agents. The valuation was based on the fair value less cost of disposal. The critical assumptions adopted in determining the valuation included the location of the property, the current demand for land & building in the area and recent sales data for similar property. The valuation resulted in a net revaluation increment of \$15,000 being recognised for the year ended 30 June 2021.

ii) Employee benefits

Employee benefits are measured at the net present value of future cash flows utilising expectations of future wage increases, discounted by publicly available discount rates. Where the company has an employee benefit where it does not have an unconditional right to defer, this is classified as a current liability.

7 Trade and Other Receivables

Provision for impairment of receivables

Current trade and term receivables are non-interest bearing, and generally on 30 days terms. These receivables are assessed for recoverability and a provision for impairment is recognised when there is objective evidence that an individual trade or term receivable is impaired. The Directors have determined that there are no receivables currently subject to impairment.

17 COVID-19

Covid-19 continued to impact Badminton Australia in the first half of 2021/22 when the Victorian Government still imposed work and travel restrictions. However players were able to travel more in the second half of the year in comparison to the previous year for the Olympics, tournaments and camps, but remained restricted by Covid-19 mandates within the country.

In April 2021, the Board made a decision to reduce Member fees from States and Territories by 25% in the first half of the year (\$16,743), and returned to 100% full member fee being charged in the second half of the financial year.

18 Contingent Assets and Contingent Liabilities

The Company has no contingent assets and no contingent liabilities.

19 Remuneration of auditors

	2022	2021
	\$	\$
During the financial year the following was paid to Davidsons:		
Audit fee	6,500	4,900
Lease calculation fees	350	350
	6,850	5,250

20 Related Party Transactions

Transactions between related parties are on normal commercial terms and conditions. These terms and conditions are no more favourable than those available to other parties unless otherwise stated.

Transactions with related parties:

- Short term employee benefits	-	-
	-	-

21 Key Management Personnel Compensation

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any committee member (whether executive or otherwise) of that entity is considered key management personnel.

The totals of remuneration paid to key management personnel (KMP) of the entity during the year are as follows:

Key management personnel compensation	457,879	331,115
Number of Roles/Positions	4	3

The total includes a provision for annual leave and long service leave plus superannuation. The 2021 numbers included a staff member who was employed for only a part of the year, and the 2022 staff increased from 3 to 4 key management roles.

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF BADMINTON AUSTRALIA LIMITED****Opinion**

We have audited the financial report of Badminton Australia Limited, which comprises the statement of financial position as at 30 June 2022, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the declaration by the directors.

In our opinion, the accompanying financial report of the company is prepared, in all material respects, in accordance with the Corporations Act 2001, including:

- (i) Giving a true and fair view of the company's financial position as at 30 June 2022 and of its performance for the year then ended; and
- (ii) Complying with Australian Accounting Standards – AASB 1060: *General Purpose Financial Statements – Simplified Disclosures for For-Profit and Non-for-Profit Tier 2 Entities and the Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Report

Management is responsible for the preparation of the financial report in accordance with the Corporations Act 2001, and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.

Stephen Kirtley
